Dear Sir,

Sub: Proposal of implementation of "Hospital Based Cancer Registry – Data Management Software".

Thank you for sending the two copies of MoU along with proposal implementation of Hospital Based Cancer Registry – Data Management Software, All India Institute of Medical Science, Mangalagiri without Financial support from ICMR-NCDIR, Bengaluru. Please find enclosed one copy of MoU duly signed by the Director of NCDIR, Bengaluru.

The proposal for implementation of Hospital based Cancer Registry – Data Management Software, All India Institute of Medical Science, Mangalagiri without Financial support from ICMR-NCDIR, Bengaluru has reviewed and approved for implementation. We at the NCDIR, Bengaluru will provide full technical support for execution of the project.

Yours faithfully,

(Ramesha N.M.)
Administrative Officer
For Director

MEMORANDUM OF UNDERSTANDING

HOSPITAL BASED CANCER REGISTRY DATABASE MANAGEMENT SOFTWARE UNDER NATIONAL CENTRE FOR DISEASE INFORMATICS AND RESEARCH, BENGALURU

(INDIAN COUNCIL OF MEDICAL RESEARCH)

The broad and overall objective of Indian Council of Medical Research - National Centre for Disease Informatics and Research (ICMR - NCDIR), Bengaluru is to sustain and develop a national research data-base on cancer, diabetes, CVD, stroke, other NCDs and their risk factors through recent advances in electronic information technology with a national collaborative network, so as to undertake etiological, epidemiological, clinical and control research in these areas.

The Hospital Based Cancer Registry Database Management software is being implemented by ICMR-NCDIR at All India Institute of Medical Science, Mangalagiri, Andhra Pradesh with the following aim/ objectives

1. To generate reliable data on the magnitude and patterns of cancer
2. Undertake epidemiological studies based on results of registry data
3. Help in designing, planning, monitoring and evaluation of cancer control.
4. Develop training programmes in cancer registration and epidemiology.

The basic methodology for the project "Hospital Based Cancer Registry Database Management software" envisages capturing core patient information including permanent residential address of all cancers reported / registered in your institution.

Agreement for co-operation in the performance of work on "Hospital Based Cancer Registry Database Management software" under Indian Council of Medical Research - National Centre for Disease Informatics and Research, Bengaluru" between Dr. Prashant Mathur, Director, Indian Council of Medical Research - National Centre for Disease Informatics and Research (ICMR - NCDIR), Bengaluru, hereinafter called Principal Investigator (PI) and Dr. Arundhathi S hereinafter called Principal Investigator of Participating Centre (C-PI).

The C-PI is responsible for the following:

1. Collection, collation and transmission of data of all malignant neoplasms reported from the above centre from the year 2021 onwards.

2. Following terms and conditions (as specified in Annexure I) are necessary for uniformity and successful execution of Study.

The undersigned parties hereby agree and conclude the present agreement:
