Sub: Proprietary & Authorisation Letter

Micromedex clinical knowledge solutions comprising of Drug Information, Drug Interactions, IV Compatibility, Poison management Information, Disease & Condition management, Neonatal & Pediatric Information, Alternative Medicine points & Mobile apps is the proprietary databases owned by Merative US L.P previously known as IBM Watson Health.

Please be advised that as of the date above, Merative US L.P has granted remarketing or invoicing rights for Micromedex to DaiKnow Private Limited for India. As of January 2023, DaiKnow Private Limited, is the only distributor of Micromedex in India.

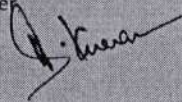

Merative's Distributor Agreement with DaiKnow Private Limited is currently in effect, is in good standing and will continue in effect throughout 2023. If any contract finally awarded extends beyond the termination date of DaiKnow Private Limited's Distributor Agreement with Merative, DaiKnow's remarketing will continue to be honoured by Merative until the contract resulting from such award expires or otherwise is terminated.

Should you require any assistance, please contact Sandeep Makhijani (sandeepm@merative.com)

P-3 FORM
(To be attached with P-2 form for Proprietary items)
AIIMS Mangalagiri

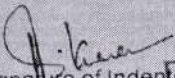

PROPRIETARY ARTICLE CERTIFICATE

It is certified that the Article/Equipment Micromedex 2.0 required in the P-2 form should be purchased from M/s DaiKnow Private Limited To the best of my knowledge they are the sole agents/distributors of the sole manufacturers M/s Merative US L P

No other make/brand will be suitable for our purpose for the following reasons:-

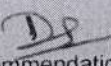

- Micromedex 2.0 covers Poisindex database, the only database which has the comprehensive coverage identifying ingredients for hundreds of thousands of commercial, biological & pharmaceuticals products on toxicity, ingredients, risks & treatment protocols for exposure.
- Accredited by NICE (National Institute of Health & Care Excellence) UK.
- Provides rapid, easy access to medical & hazard information needed for the safe management of chemicals in the workplace, evaluating quick response to emergency situations & regulatory compliance.

These features are important for Patient Care & Research and to the best of knowledge are not available in any other product.
